Reproduction of Plans and Drawings:

Federal Copyright laws vests the owner of a copyright, subject to certain limitations, the exclusive right to do or authorize, among other things, the reproduction of the copyrighted work in copies and the distribution of the copyrighted work to the public by sale or transfer of ownership. **The unauthorized reproduction in part or in whole of any copyrighted work in copies constitutes an infringement of such copyright.** Copyright infringement is a tort and *all persons concerned* therein are jointly and severally liable as joint tort-feasors. In 1990, Congress amended the federal copyright law specifically to provide that relief for infringement is available against "anyone" including any State or Locality or any officer/employee of a State or Locality acting in his or her official capacity.

The Town does allow an inspection of the drawings or plans as required under the Public Records Law, but the Town must require a waiver or written permission from a copyright holder before reproducing any copyrighted works. I have read and understand the above statement regarding copyright laws.
