

## FINAL PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) has received the subgrant application for Sewalls Point's Simara Road Bridge(s) seawalls Hurricane Irma (DR-4337-FL PW 04360). Pursuant to Executive Order 11988 and 44 CFR Part 9.12, final notice is hereby given of FEMA's intent to provide funding for this project under the Public Assistance (PA) Program.

An initial disaster-wide Public Notice was published October 06, 2017 for Hurricane Irma. Comments and other information received were fully evaluated by FEMA along with evaluation of social, economic, environmental, and safety considerations. This notice serves as a project-specific final notice for FEMA's funding action located within the floodplain. FEMA has determined that the only practicable alternative is to locate this facility at its original location within the floodplain because the facility is functionally dependent upon its location within the floodplain.

Funding for the proposed project will be conditional upon compliance with all applicable federal, tribal, state and local laws, regulations, floodplain standards, permit requirements and conditions. This action complies with the National Flood Insurance Program (NFIP) requirements.

- Responsible Entity:** FEMA Public Assistance (PA) Program
- Applicant:** Town of Sewall's Point
- Project Title(s):** PA-04-FL-4337-PW-04360 - Sewalls Point
- Location of Proposed Work:** 13 Simara Street (27.18739, -80.18817)
- Floodplain:** Project is located in AE Zones, otherwise known as the Coastal High Hazard Area, per Martin County FIRM Panels #12085C0154G, 12085C0162G, dated 03/16/2015.
- Proposed Work and Purpose:** Sewalls Point replaced 40 LF x 4 FT (h) concrete seawall and cap and replaced 20.7407 CY of soil fill material (27.18739, -80.18817), and replaced 2 CF of seawall cap (27.18763, -80.18974).
- Project Alternatives:** The alternative that has been considered is the no action alternative. This alternative is not feasible as the area will remain vulnerable to flood risk, including property damage and hazards to human life and safety. With the no action alternative, continued negative impacts on adjacent infrastructure, property, residents, and the community may be experienced. Alternate locations were not considered as the seawalls are functionally dependent on its location within the floodplain.
- Comments:** This will serve as the final public notice regarding the above-described action funded by the FEMA PA program. Interested persons may submit comments, questions, or request a map of this specific project by writing to the Federal Emergency Management Agency, Region 4, 3003 Chamblee-Tucker Road, Atlanta, Georgia 30341, calling 770-220-5432, or by emailing FEMA-R4EHP@fema.dhs.gov. Comments should be sent in writing with the subject line FL-4337-PW-04360, Town of Sewalls Point at the above address within 15 days of the date of this notice.
