No changes or alterations in measurements will be allowed except at prices to be agreed upon at time charges are made, and same to be treated as an entirely new contract. This contract, if including erection, is taken on condition that the entire job be erected at one time, and if for any reason fence erector has to make more than one trip to erect fence on account of changes made by purchaser, then the percent of work completed will be invoiced and an extra charge will be made for completion of balance. There will be an extra trip charge if for any reason a job is not ready or there are any changes on a job. Residential forty dollars, Commercial sixty dollars.

ERECTION:

Prices quoted do not include any clearing of fence lines. United will clear fence lines for a fee of \$25.00 per man, per hour. The above is an estimate based on our inspection and does not cover any additional labor which may be required after the work has been opened up. Occasionally, after the work has started, large buried objects are discovered which were not evident on the first inspection. Because of this the above prices may have to be renegotiated. This circumstance is rare.

Permit Providers,

Per a phone conversation with Phil at the Town of Sewalls Point Building Dept. Adel Culhane is not required to have a permit number for the shutter affidavit. She had hurricane protection installed in 1992 prior to the code that requires hurricane protection to be permitted. Please note that she is not required to pull a permit from that long ago.

Thanks,

Attn: John Adams

Dear John,

In reference to the above project, we certify that the installation is in accordance with Miami-Dade Product Approval.

In response to our failed inspection, please review the following:

- 1.) The perimeter caulking around window, we use Vulkem 116.
- 2.) The weight bearing shims are within 1/8" to 1/4" tolerance.
- 3.) CGI does not require mull clips

We do apologize for not following inspection guidelines for Sewell's Point, and our installers are up to date on all window and door inspections.

Regards,

David La Prade
