TOWN OF SEWALL'S POINT, FLORIDA

APPLICATION FOR BUILDING PERMIT

Permit No. 762
Date 12/1/77

(This application must be accompanied by 3 sets of complete plans, to proper scale, including plot plan, foundation plan, floor plans, wall and roof cross sections, plumbing and electrical layouts, and at least, two elevations as applicable) Copy of Deed required for new home construction.

Owner GILBERT C. STUBELL Present Address STUART Ph 334-3074

General Contractor C.F. SHAWVER CONST Address 309 DENVER AVE Ph 283-7977

Where licensed FLA. License No. RGAD003809

Plumbing Contractor DAVE'S License No. _____

Electrical Contractor ST LUCIE ELECT. License No. _____

Street building will front on 62 SEWALLS P. ROAD SOUTH

Subdivision ARBELA Lot No. N 1/2 13 Area _____

Building area, inside walls (excluding garage, carport, porches) Sq ft 1536

Other Construction (Pools, additions, etc.) 12x25' PATIO, DOUBLE GARAGE CAR

Contract Price (excluding land, rugs, appliances, landscaping) \$ 42000

Total cost of permit \$ 230.00

Plans approved as submitted _____ Plans approved as marked

I understand that this permit is good for 12 months from date of issue and that the building must be completed in accordance with the approved plan and that the site be clean and rough-graded within 12 month period

C.F. Shawver
Signed by General Contractor

I understand that this building must be in accordance with the approved plan and comply with all code requirements before a Certificate of Approval for Occupancy will be issued and the property approved for all utility services. I, also, agree that within 90 days after the building has been approved for occupancy, that the property will, also, be landscaped as to be compatible with the neighborhood.

Gilbert C. Stubell
Signed by Owner

Note: Speculation Builders will be required to sign both statements.

Section I - Instructions:

1. Percolation test data, soil profile and water table elevation information must be attached. (Note: Test must be made at proposed location of system).
2. Existing building and proposed buildings on lot must be shown and drawn to scale at their location or proposed location. (Use block on this sheet or attach plot plan).
3. Proposed location of septic tank must be shown on plan.
4. Any pond or stream areas must be indicated on the plan.
5. Indicate name and date of plat of subdivision. If not platted, attach metes and bounds description.
6. Complete the following information section.

Notes:

1. Not valid if sewer is available.
2. Individual well must be 75 feet from any part of system.
3. Call 237-2277 and give this office a 24-hour notice when ready for inspection.

Section II - Information:

1. Property Address (Street & House No.) SEWALLS POINT ROAD SOUTH
 Lot N 1/2 OF 13 Block Subdivision ARBELA
 Date Platted Directions to Job SEWALLS POINT ROAD
SOUTH ABOUT 3/4 MILE ON THE INDIAN RIVER
2. Owner or Builder G. C. STRUBELL
 P.O. Address VILLA DEL SOL, APT 13, RT 2, JENSEN BCH., FL.
 Septic tank system to be installed by:

Scale 1" = 50'

3 BEDROOMS

TECHNICAL SPECIFICATIONS

Note; Solar Collector mounted with long dimension vertical when using parallel absorber plate.

PIPING - 100 foot of 1/2" copper tubing, 4.6" on center, sinusoidal or parallel layout (vertical panel with headers top and bottom).

PIPE/PLATE CONNECTION - Absorber plate grooved to accept 1/2 of pipe circumference, 100% capillary flow solder bond.

- no thermal warping
- excellent heat transfer
- no low cycle fatigue

BOX - Extruded aluminum sides; .032" aluminum sheet metal backing (.019" for 2'x10' configuration).

COATING - High quality flat black; black chrome available on special order.

WIND LOADING - Designed for 30 lbs./ft²

GLAZING - .025" Kalwall Sun-Lite Premium for 4'x10' panels; .025" Kalwall Sun-Lite Premium for 2'x10' panels and inner glazing of all double glazed panels.

VARIATIONS - Other lengths, widths, etc. can be built to meet specific requirements.

INSULATION - 1" technifoam isocyanurate (R=9) or 2" technifoam isocyanurate (R=18).

PERFORMANCE - The SDI collector has been tested by Desert Sunshine Exposure Tests, Inc., Black Canyon Stage, Arizona using The National Bureau of Standards' Test Procedure. SDI has a computer program to predict performance under various conditions based on the results of this testing. Large installations can be designed optimizing tank size and number of collectors.

Garden Industrial Park
Riviera Beach, Florida 33404

Collector Model
SD - 7

This solar collector was evaluated by the Florida Solar Energy Center (FSEC) in accordance with prescribed methods and was found to meet the minimum standards established by FSEC. This evaluation was based on solar collector tests performed at Solar Energy Analysis Laboratory, San Diego, California. The purpose of the tests is to verify initial performance conditions and quality of construction only. The resulting certification is not a guarantee of long term performance or durability.

DESCRIPTION

Gross Length	1.948 meters	6.36 feet
Gross Width	0.876 meters	2.88 feet
Gross Depth	0.096 meters	0.32 feet
Gross Area	1.707 square meters	18.38 square feet
Transparent Frontal Area	1.566 square meters	16.86 square feet
Volumetric Capacity	2.6 liters	0.7 gallons
Weight (empty)	34.5 kilograms	76.0 pounds
Number of Cover Plates	One	
Flow Pattern	Parallel	

Incident Angle Modifier $K_{\tau\alpha} = 1.0 - 0.165 (1/\cos\theta - 1)$

Efficiency Equations First Order $\eta = 72.2 - 687.6 (T_i - T_a)/I$

Second Order $\eta = 71.7 - 625.7 (T_i - T_a)/I - 1019.1 [(T_i - T_a)/I]^2$

Tested per ASHRAE 93-77

Units of $T_i - T_a/I$ are $^{\circ}\text{C}/\text{Watts}/\text{m}^2$

MATERIALS

Enclosure Aluminum frame
Glazing ASG Solatex (Tempered low iron glass)
Absorber Copper tube soldered to copper sheet, black paint coating
Insulation Foil faced polyisocyanurete 2.54 cm thick

RATING

The collector has been rated for energy output on measured performance and an assumed standard day. Total solar energy available for the standard day is $5045 \text{ watt-hour}/\text{m}^2$ ($1600 \text{ BTU}/\text{ft}^2$) distributed over a 10 hour period.

Output energy ratings for this collector based on the second-order efficiency curve are:

Collector Temperature	Energy Output	
Low Temperature, 35°C (95°F)	19,700 Kilojoules/day	18,700 BTU/day
Intermediate Temperature, 50°C (122°F)	14,300 Kilojoules/day	13,500 BTU/day
High Temperature, 100°C (212°F)	2,100 Kilojoules/day	2,000 BTU/day

MANUFACTURER

Solar Development, Inc.
4180 Westroads Drive
West Palm Beach, FL 33407

Collector Model

SD5 "Standard"

This solar collector was tested by the Florida Solar Energy Center (FSEC) in accordance with prescribed methods and was found to meet the minimum standards established by FSEC. The purpose of the tests is to verify initial performance conditions and quality of construction only. The resulting certification is not a guarantee of long term performance or durability.

DESCRIPTION

Gross Length	3.062 meters	10.05 feet
Gross Width	1.235 meters	4.05 feet
Gross Depth	0.093 meters	0.31 feet
Gross Area	3.782 square meters	40.70 square feet
Transparent Frontal Area	3.545 square meters	38.16 square feet
Volumetric Capacity	5.1 liters	1.35 gallons
Weight (empty)	44.4 kilograms	97.9 pounds
Number of Cover Plates	One	
Flow Pattern	Serpentine	

Efficiency Equations First Order $\eta = 64.1 - 632.6 (T_i - T_a)/I$

Second Order $\eta = 61.9 - 427.2 (T_i - T_a)/I - 2699.1 (T_i - T_a)/I^2$

Tested per ASHRAE 93-77

Units of $T_i - T_a/I$ are $^{\circ}\text{C}/\text{Watt}/\text{m}^2$

MATERIALS

Enclosure	Aluminum frame
Glazing	Kalwall Sun-Lite Premium II (fiberglass reinforced plastic)
Absorber	Formed copper fin bonded to copper tube, black paint
Insulation	Celotex Thermax (polyisocyanurate 2.54 cm)

RATING

The collector has been rated for energy output on measured performance and an assumed standard day. Total solar energy available for the standard day is 5045 watt-hour/ m^2 (1600 BTU/ ft^2) distributed over a 10 hour period.

Output energy ratings for this collector based on the second-order efficiency curve are:

Collector Temperature	Energy Output	
Low Temperature, 35 $^{\circ}\text{C}$ (95 $^{\circ}\text{F}$)	38,600 Kilojoules/day	36,600 BTU/day
Intermediate Temperature, 50 $^{\circ}\text{C}$ (122 $^{\circ}\text{F}$)	28,600 Kilojoules/day	27,100 BTU/day
High Temperature, 100 $^{\circ}\text{C}$ (212 $^{\circ}\text{F}$)	3,200 Kilojoules/day	3,100 BTU/day

SDI

SD6 HIGH PERFORMANCE SOLAR COLLECTOR

Air Conditioning Space Heating Domestic Hot Water

THE SD6 HIGH PERFORMANCE SOLAR COLLECTOR was designed to meet the market for a high performance solar panel. This need is particularly important in the area of solar air conditioning where high temperatures are necessary and for space heating and domestic hot water where cold ambient temperatures are encountered.

THE COLLECTOR is constructed of the finest materials

ADVANTAGES:

LIGHTWEIGHT

TOP PERFORMANCE — See test data and compare.

MAXIMUM ENERGY TRANSMISSION — Water white tempered glass.

LONG LIFE — High quality aluminum frame with aluminum and stainless steel fasteners.

PROTECTED from high temperature damage - Collector is vented.

available for solar and is particularly light in weight due to single vice double glazing. This is made possible through the use of a black chrome absorber coating which enables a single glazed collector to operate at an efficiency comparable to double glazed collectors. In warm periods of the year the efficiency is superior to double glazed collectors. Since the energy from the sun passes through only one layer of glazing, maximum energy reaches the absorber plate.

CLOSED CELL INSULATION to prevent soaking up water and fogging.

COMPATIBLE with plumbing systems — Copper Absorber Plate.

CAN be installed in high pressure systems.

DESIGNED for high wind loads often experienced in Southeast Florida.

Note unique D - tube under fin design - allows for more uniform black chrome coating.

SPECIFICATIONS:

DIMENSIONS — 76 3/4" x 34 3/4" x 4 3/4"

WEIGHT — 80 lbs.

APERTURE AREA — 16.99 ft²

INSULATION — Celotex Thermax, R 16 under absorber plate R 8 edge insulation.

ABSORBER — .012" thick copper.

WATER PASSAGES — Eight .17 in.² m copper "D" tubes soldered to copper fins, 4" on centers, parallel flow, 3/4" I.D. brazed manifold, EDPM grommet on exit pipes.

ABSORBER COATING — Black chrome on nickel underlayment, maximum emissivity .10, minimum absorptivity .90.

GLAZING — 1/8" water white tempered glass with patterned finish to reduce reflectivity, EDPM gasket.

BOX — 6063T5 extruded aluminum frame with .032" thick aluminum sheet backing. Alloy is ideal for use in coastal areas.

FASTENERS — Aluminum rivets, stainless steel (18-8) sheet metal screws.

PRESSURE DROP — 0.5 inches of water at 250 lbs. per hour.

PRESSURE RATING — 150 psi maximum operating; tested to 225 psi.

PERFORMANCE TESTING — Tested by DSET Laboratories, Inc. in accordance with ASHRAE 93-77 and California Thermal Shock Test. Certified by the Florida Solar Energy Center.

WIND LOAD TESTING — Tested by Miami Testing Laboratory, Inc.
 55 psf on face of collector
 84 psf on back of collector
 55 psf on interior face of collector

NOTE: For large orders, manifold layout and collector size can be varied.

DOCK

TOWN OF SEWALL'S POINT, FLORIDA

NOTICE OF APPEAL FROM DENIAL OF DOCK PERMIT

NOTICE IS HEREBY GIVEN, pursuant to Section 4.5-4(d) of the Code of Ordinances of the Town of Sewall's Point, Florida, that the applicant identified below will appeal to the Town Commission of the Town of Sewall's Point, Florida, from the denial of a permit for the construction of a dock on the property located at the street address given below for the reasons indicated below at a meeting of the Sewall's Point Town Commission at the Sewall's Point Town Hall, One South Sewall's Point Road, Sewall's Point, Florida at the time and on the date set forth below, or as soon thereafter as is possible.

NAME OF APPLICANT: David H. and Patricia L. Dains

STREET ADDRESS OF PROPERTY: 62 South Sewall's Point Road

REASON FOR DENIAL OF DOCK PERMIT:

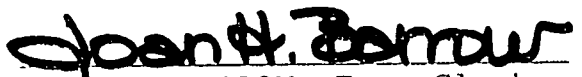

- Failure to obtain letters of no objection from adjacent upland repairing and owners.
- Failure to comply with the standards and criteria for docks in the following respects:
 - Length: 373' vs. 250' requirement
 - Design: _____
 - Construction: _____
 - Siting: _____
 - Other: _____

DATE AND TIME OF MEETING: April 10, _____, 1996, 7:30 p.M.

The completed application for the permit to construct the dock may be inspected at the Town Hall during regular business hours. All interested parties may appear at the meeting and may be heard with respect to the appeal. If any person decides to appeal any decision made by the Town Commission with respect to any matter considered at the meeting or hearing, he will need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

This notice shall be posted on the Town Hall bulletin board and shall be sent by certified mail, return receipt requested, by the applicant and at the applicant's expense, to all record owners of upland riparian property located adjacent to the property involved in the appeal, with the date of mailing being at least fifteen (15) days before the date of the hearing. At or before the public hearing, the applicant shall present proof of the identity and address of the persons entitled to receive notice by mail and of the mailing of the notice to those persons.

Dated: March 20, _____, 1996

JOAN H. BARROW, Town Clerk

[TSP, Minutes of 4/10/96 Meeting]

year before" but asked "where is the letter this year?"

Mayor Millard said he thought Mr. Keyse had answered Mr. Rhodes' questions.

Commissioner Winer reiterated the auditor's prior explanation regarding the difference between the date the audit work is completed on the premises and the date the audit is submitted.

Mr. Rhodes asked when the final work was done on this year's audit. Mr. Keyse repeated the audit was substantially completed in December, the actual work was finalized at the beginning of March, it was sent to quality control where it was reviewed and then submitted to the Town.

In response to a question from Mr. Rhodes, Commissioner Winer stated the audit had been substantially paid for.

Mr. Rhodes indicated he had further questions.

Vice Mayor Vorraso told Mr. Rhodes he thought his questions had been well addressed.

Commissioner Winer offered to meet with Mr. Rhodes to answer any other questions he might have. Commissioner Winer said he hoped to prepare a timetable of what happens when regarding the audit for next year.

The mayor thanked Mr. Keyse.

4. David H. and Patricia L. Dains, owners of a portion of Lot 13 Arbela subdivision, request permission to construct a 373' dock into the waters of the Indian River (Code page 337, (d)(1))

Vice Mayor Vorraso recalled this had been discussed at the last meeting.

Attorney Fox advised the hearing on this matter is quasi-judicial. The proposed dock exceeds the length limitation in the code, Attorney Fox explained, and in order to grant the applicant's appeal, the Commission must find extreme hardship to justify the length. Mr. Fox added that he understood there is no letter from one adjacent land owner. In order to grant the appeal on that matter he advised, the Commission must find that the failure to obtain the letter of no objection is excusable. Those are the two findings the Commission must make in order to grant the appeal.

Robert Sandy was present on behalf of the property owners. He explained the dock was originally planned for 340' so it would be located in an area mostly clear of sea grasses. The State then recommended 370' and the EPA agreed. Mr. Sandy advised he had attempted to contact the adjoining property owners and had mailed certified letters to each. One property owner responded but the other did not.

Commissioner Winer said he read the letter Mr. Sandy sent and it does not "request or require a positive response". Mr. Winer advised that he had spoken with one of the affected property owners (Ms. Kotze) and she indicated her opposition to the dock. She further indicated she would bring a letter to that effect by the Town Hall. Mr. Winer pointed out discrepancies regarding the permits from the DPA and Army Corps regarding configuration as well as a "fishing pier" versus a "dock". Mr. Winer mentioned a fishing pier must have a railing.

Mr. Sandy explained the Army permit is a "general permit" and it does not have to be changed to agree with the EPA permit.

[TSP, Minutes of 5/10/96]

Attorney Fox noted that for the purposes of the Town ordinance anything constructed over the water is a "dock" so a dock permit is for a boat dock, fishing pier, a stand on pilings or a boat house. Any structure over the water, therefore, falls within the definition of a dock.

In response to a question from Commissioner Winer, Mr. Sandy replied the agencies recommended the longer length of the dock to accommodate the sea grasses in the area.

Commissioner Kramer asked Commissioner Winer about the neighbor's objection.

Commissioner Winer replied Ms. Kotze told him she saw no reason for that length.

Commissioner Kramer wondered if Ms. Kotze was aware of the reason for the length.

Commissioner Winer replied that he "did not want to engage in conversation with her". He added that it was opinion that Mr. Sandy or Mr. Dains should discuss this with her and get the appropriate letter before the next meeting.

Mr. Sandy pointed out that a letter was sent to this particular neighbor over a month ago and the proposed dock has been permitted for a year. Additionally, he mentioned that the State had notified both landowners and give them an opportunity to voice objections.

Attorney Fox advised that in view of the quasi-judicial nature of this hearing, it is necessary for Commissioner Winer to make a disclosure of any conversations he has had, outside the meeting, regarding this request. There are issues related to due process and fundamental fairness to the applicant, he noted, and communication outside this forum by someone who will vote could taint the hearing. If the applicant is denied a fair hearing then the applicant's rights have been violated. Communications of this type are called ex-parte communications, he noted. Disclosure can cure the problem, Attorney Fox advised. The Commission has the role of judge, he stated, and there would be a problem if a judge gave evidence. Mr. Fox added it was his "strong recommendation" that a Commissioner not present evidence. If there is evidence, the individual should be here to present it.

In response to a question from Commissioner Winer, Attorney Fox explained that it is acceptable for staff, i.e., Dale Brown, to review the application as that is his job, and to grant or deny is appropriate, as well as to explain why something is denied.

Commissioner Winer wondered if he should vote on this request.

Attorney Fox replied that in this particular instance there are two competing laws, one is statutory and one is Constitutional. Attorney Fox said he believed it would be better to err by statute rather than by Constitution. He concluded that since Commissioner Winer gave evidence he probably should not vote on the outcome.

Commissioner Winer commented that as a newly-elected Commissioner he was going through an "education process".

Commissioner Kissling wondered if the neighbor who objects was aware of tonight's meeting.

Vice Mayor Vorraso observed that page 337 of the Code sets forth the procedures to be followed. In this instance the procedures were followed and it is not within the purview of another Commissioner to call a resident because he has then put himself in a bad posi-

[TSP, Minutes of 4/10/96 Meeting]

tion. Vice Mayor Vorraso noted this request was advertised as required and notices were sent out. Mr. Sandy and the applicant have followed procedures, Vice Mayor Vorraso said, and what the neighbor told Commissioner Winer on the telephone is "irrelevant" unless she comes to the meeting or sends a letter. Commissioner Winer agreed he probably should not have spoken to the objecting neighbor. He pointed out he had only taken the call because Dale Brown was busy on another phone line at the time. Attorney Fox summarized the findings the Commission needed to make if it decided to grant the request. The Commission needs to decide the length exceeds the length prescribed by ordinance and find that the applicant has undue hardship as defined in the Town Code. Mr. Fox then read the definition. In addition the Commission needs to make a finding of extreme hardship as the proposed height is higher than 3' above mean high water. Mr. Sandy explained the DEP recommended the dock be placed higher in order to get more light for the sea grasses.

Attorney Fox noted the Commission also needed to make findings that the failure to obtain one letter of no objection is excusable, that Ms. Kotze objects and that her objection is without merit. If the Commission cannot make these findings then it needs to deny the application.

Vice Mayor Vorraso said he had no problem with any of the findings. A MOTION WAS MADE BY VICE MAYOR VORRASO, SECONDED BY COMMISSIONER KRAMER, THAT THE DOCK REQUEST OF DAVID H. AND PATRICIA L. DAINS BE GRANTED. THE VOTE WAS: VORRASO, AYE; KRAMER, AYE; KISSLING, AYE; MILLARD, AYE. THE MOTION, THEREFORE, CARRIED. COMMISSIONER WINER DID NOT VOTE.

Mr. Sandy thanked the Commission.

Mayor Millard apologized for the confusion.

5. Discussion of engineering services

Mayor Millard explained that engineering services had been put out for bid. He noted that he had interviewed seven candidates and then chosen two to make presentations to the Commission.

a. Creech Engineers, Inc. - Joe Capra was present on behalf of Creech and made a short presentation about the firm.

Vice Mayor Vorraso said he had worked with Mr. Capra for the last two years and enjoyed a "good relationship" with him.

Mayor Millard pointed out the Town may not need an engineer to attend each meeting.

b. Conklin, Porter and Holmes - De Vere Foxworth was present and gave a short presentation.

In response to a question from Commissioner Kissling, Mr. Foxworth estimated his firm could save the Town 25 to 30%.

Commissioner Winer noted the competition has the advantage of past experience.

Mr. Foxworth said he would get "up to speed" on his own time.

Mayor Millard thanked Mr. Foxworth for his presentation.

6. Discussion of revisions to health/life insurance coverage for

Town employees - Terrilynn Thomas was present on behalf of Hartman-Tilton Insurance Company. Ms. Thomas reported she met with Mayor Millard and former Commissioner Chardavoyne after the Town's cur-

TOWN OF SEWALL'S POINT, FLORIDA

NOTICE OF APPEAL FROM DENIAL OF DOCK PERMIT

NOTICE IS HEREBY GIVEN, pursuant to Section 4.5-4(d) of the Code of Ordinances of the Town of Sewall's Point, Florida, that the applicant identified below will appeal to the Town Commission of the Town of Sewall's Point, Florida, from the denial of a permit for the construction of a dock on the property located at the street address given below for the reasons indicated below at a meeting of the Sewall's Point Town Commission at the Sewall's Point Town Hall, One South Sewall's Point Road, Sewall's Point, Florida at the time and on the date set forth below, or as soon thereafter as is possible.

NAME OF APPLICANT: David H. and Patricia L. Dains

STREET ADDRESS OF PROPERTY: 62 South Sewall's Point Road

REASON FOR DENIAL OF DOCK PERMIT:

- Failure to obtain letters of no objection from adjacent upland repairing and owners.
- Failure to comply with the standards and criteria for docks in the following respects:
 - Length: 373' vs. 250' requirement
 - Design: _____
 - Construction: _____
 - Siting: _____
 - Other: _____

DATE AND TIME OF MEETING: Tuesday, March 19, _____, 1996, 7:30 P.M.

The completed application for the permit to construct the dock may be inspected at the Town Hall during regular business hours. All interested parties may appear at the meeting and may be heard with respect to the appeal. If any person decides to appeal any decision made by the Town Commission with respect to any matter considered at the meeting or hearing, he will need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.

This notice shall be posted on the Town Hall bulletin board and shall be sent by certified mail, return receipt requested, by the applicant and at the applicant's expense, to all record owners of upland riparian property located adjacent to the property involved in the appeal, with the date of mailing being at least fifteen (15) days before the date of the hearing. At or before the public hearing, the applicant shall present proof of the identity and address of the persons entitled to receive notice by mail and of the mailing of the notice to those persons.

Attn: Robert L. Sandy
3452 N.E. Indian Drive
Jensen Beach, Florida 34957

Dear Mr. Sandy:

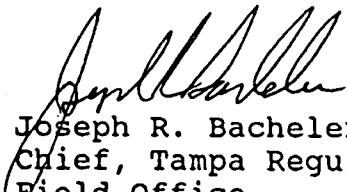

Reference is made to your joint permit application received December 19, 1994, requesting authorization to construct a 362' L-shaped dock; 342'x4' access pier with an 8'x20' terminal platform and a 12'x13' boat lift in accordance with the enclosed plans in the Indian River at Section 001, Township 38 South, Range 41 East, Martin County, Florida.

Your proposed work as described above is authorized by General Permit SAJ20, a copy of which is attached for your information and use. You are authorized to proceed with construction subject to all conditions of the permit.

If the work authorized herein is not completed by March 1, 1999, no further work may be undertaken and you should contact this office. A determination of the status of the General Permit will be made and you will be advised. If the General Permit has been reissued with no substantive change(s), a request for an extension of your previous authorization will be considered. If the General Permit has not been reissued or was reissued with new conditions, a new application and drawings may need to be submitted.

Thank you for your cooperation with the permit program.

Sincerely,

Joseph R. Bachelier
Chief, Tampa Regulatory
Field Office

	DER No.	Corps No.
A. Denied (date) _____	_____	_____
B. Issued (date) _____	_____	_____
C. Other (please explain) _____	_____	_____

Differentiate between existing work and proposed work on the drawings.

14. Certification. Application is hereby made for a permit or permits to authorize the activities described herein.

A. I Certify That: (Please check appropriate space)

1. I am the record owner ; lessee , or the record easement holder of the property on which the proposed project be undertaken, as described in the attached legal document.

2. I am not the record owner, lessee, or record easement holder of the property on which the proposed project is to be undertaken, as described in the attached legal document, but I will have, before undertaking the proposed work, the requisite pre interest. (Please explain what the interest will be and how it will be acquired.)

Attach legal description of property or copy of deed to the property on which project is to occur (must be provided)

B. I understand I may have to provide any additional information/data that may be necessary to provide reasonable assurance evidence that the proposed project will comply with the applicable State Water Quality Standards or other environmental standards both before construction and after the project is completed.

C. In addition, I agree to provide entry to the project site for inspectors with proper identification or documents as required by law the environmental agencies for the purpose of inspecting the site. Further, I agree to provide entry to the project site for such inspectors to monitor permitted work, if a permit is granted.

D. This is a Joint Application and is not a Joint Permit. I hereby acknowledge the obligation and responsibility for obtaining all required state, federal or local permits before commencement of construction. I also understand that before commencement of proposed project, I must be granted separate permits or authorizations from the U.S. Corps of Engineers, the U.S. Coast Guard, Department of Environmental Regulation, the Delegated Water Management District (where applicable), and the Department of Natural Resources, as necessary.

E. I am familiar with the information contained in this application, and that to the best of my knowledge and belief, such information is true, complete and accurate. I further certify that I possess the authority to undertake the proposed activities or am acting as the duly authorized agent of the applicant. I understand that knowingly making any false statement or representation in this application is a violation of Section 403.161, F.S. and Chapter 837, F.S.

15. For your information: Section 370.034, Florida Statutes, requires that all dredge and fill equipment owned, used, leased, rented or operated in the state shall be registered with the Department of Natural Resources. Before selecting your contractor or equipment you may wish to determine if this requirement has been met. For further information, contact the Chief of the Bureau of Saltwater Licenses and Permits, Department of Natural Resources, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399. Telephone No. (904) 487-3122. This is not a requirement for a permit from the Department of Environmental Regulation.

18 U.S.C. Section 1001 provides that, Whoever, in any manner within the jurisdiction of any department or agency of The United States knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious or fraudulent statements or representations or makes or uses any false writing or document knowing same to contain any false, fictitious or fraudulent statement or entry, shall be fined not more than \$10,000 or imprisoned not more than five years, or both.

16. Please submit this completed form, with attached drawings and the complete DER processing fee (see Fee Schedule in Rule 17-4.050, F.A.C., copy attached) to the appropriate DER or Delegated WMD office with jurisdiction over the project site.

Mr. David Dains
Robert Sandy Construction, Inc.
P. O. Box 32
Jensen Beach, Florida 34958

Dear Mr. Sandy:

Reference is made to your letter received April 25, 1996 requesting a modification to the general permit issued to Mr. David Dains on December 27, 1994 in the Indian River at Section 1, Township 38 South, Range 41 East, Martin County, Florida.

In accordance with your request and the enclosed plan, the permit is hereby modified to authorize construction of a 4' x 373' approach to a 4' x 12' terminal platform. The terminal platform or any moored boats may not be located in an area of seagrass beds. All other conditions of the original permit remain in effect.

If you have any questions, please call Ms. Terry Morgan at (407)567-1496 or facsimile (407)770-3611.

Sincerely,

Terry Morgan
Field Biologist

Plano, Texas 75023

I.D. Number: 5143P01818
Permit/Certificate: 432620728
Issuance Date: November 30, 1995
Expiration Date: November 30, 2000
County: Martin
Latitude/Longitude: 27°11'28"/80°14'26"
Section/Township/Range: 01/38S/41E
Project: Fishing Pier

This permit is issued under the provisions of Chapter 403 and 373, Florida Statutes (F.S.), Public Law 92-500 and Title 62, Florida Administrative Code Rules (F.A.C.). The above named permittee is hereby authorized to perform the work or operate the facility shown on the application and approved drawing(s), plans, and other documents attached hereto or on file with the Department and made a part hereof and specifically described as follows:

TO:

Construct a 1,540 square foot private fishing pier measuring 373' long by 4' wide with a 12' long by 4' wide L-shaped platform. Handrailing will be constructed around the entire perimeter of this structure. This structure will be constructed six (6) feet above the mean high water as measured from the bottom of the pier deck to the water.

IN ACCORDANCE WITH:

The four (4) stamped drawings which are attached and a part hereof and DEP Application Form 62-312.900(1) dated November 22, 1994, and signed by David H. Dains (not attached).

LOCATED AT:

62 South Sewall's Point Road, Indian River, Aquatic Preserve, O.F.W., Class III Waters, Section 1, Township 38 South, Range 41 East, Town of Sewall's Point, Martin County.

SUBJECT TO:

GENERAL CONDITIONS one (1) through fifteen (15) and SPECIFIC CONDITIONS one (1) through ten (10).

DEP Form 62-312.900(1) Effective October 30, 1991 Page 1 of 6

GENERAL CONDITIONS:

1. The terms, conditions, requirements, limitations and restrictions set forth in this permit, are "permit conditions" and are binding and enforceable pursuant to Sections 403.141, 403.727, or 403.859 through 403.861, Florida Statutes (F.S.) The permittee is placed on notice that the Department will review this permit periodically and may initiate enforcement action for any violation of these conditions.
2. This permit is valid only for the specific processes and operations applied for and indicated in the approved drawings or exhibits. Any unauthorized deviation from the approved drawings, exhibits, specifications, or conditions of this permit may constitute grounds for revocation and enforcement action by the Department.
3. As provided in subsections 403.087(6) and 403.722(5), F.S., the issuance of this permit does not convey any vested rights or any exclusive privileges. Neither does it authorize any injury to public or private property or any invasion of personal rights, nor any infringement of federal, state, or local laws or regulations. This permit is not a waiver of or approval of any other Department permit that may be required for other aspects of the total project which are not addressed in this permit.
4. This permit conveys no title to land or water, does not constitute State recognition or acknowledgment of title, and does not constitute authority for the use of submerged lands unless herein provided and the necessary title or leasehold interests have been obtained from the State. Only the Trustees of the Internal Improvement Trust Fund may express State opinion as to title.
5. This permit does not relieve the permittee from liability for harm or injury to human health or welfare, animal, or plant life, or property caused by the construction or operation of this permitted source, or from penalties therefore; nor does it allow the permittee to cause pollution in contravention of Florida Statutes and Department rules, unless specifically authorized by an order from the Department.
6. The permittee shall properly operate and maintain the facility and systems of treatment and control (and related appurtenances) that are installed and used by the permittee to achieve compliance with the conditions of this permit, are required by Department rules. This provision includes the operation of backup or auxiliary facilities or similar systems when necessary to achieve compliance with the conditions of the permit and when required by Department rules.
7. The permittee, by accepting this permit, specifically agrees to allow authorized Department personnel, upon presentation of credentials or other documents as may be required by law and at reasonable times, access to the premises where the permitted activity is located or conducted to:
 - (a) Have access to and copy any records that must be kept under conditions of the permit;
 - (b) Inspect the facility, equipment, practices, or operations regulated or required under this permit; and
 - (c) Sample or monitor any substances or parameters at any location reasonable necessary to assure compliance with this permit or Department rules.

GENERAL CONDITIONS:

Reasonable time may depend on the nature of the concern being investigated.

8. If, for any reason, the permittee does not comply with or will be unable to comply with any condition or limitation specified in this permit, the permittee shall immediately provide the Department with the following information:
 - (a) A description of and cause of noncompliance; and
 - (b) The period of noncompliance, including dates and times; or, if not corrected, the anticipated time the noncompliance is expected to continue, and steps being taken to reduce, eliminate, and prevent recurrence of the noncompliance. The permittee shall be responsible for any and all damages which may result and may be subject to enforcement action by the Department for penalties or for revocation of this permit.
9. In accepting this permit, the permittee understands and agrees that all records, notes, monitoring data and other information relating to the construction or operation of this permitted source which are submitted to the Department may be used by the Department as evidence in any enforcement case involving the permitted source arising under the Florida Statutes or Department rules, except where such use is prescribed by Section 403.111 and 403.73, F.S. Such evidence shall only be used to the extent it is consistent with the Florida Rules of Civil Procedure and appropriate evidentiary rules.
10. The permittee agrees to comply with changes in Department rules and Florida Statutes after a reasonable time for compliance; provided, however, the permittee does not waive any other rights granted by Florida Statutes or Department rules. A reasonable time for compliance with a new or amended surface water quality standard, other than those standards addressed in Rule 62-302.500 Florida Administrative Code (F.A.C.) shall include a reasonable time to obtain or be denied a mixing zone for the new or amended standard.
11. This permit is transferable only upon Department approval in accordance with Rule 62-4.120 and 62-730.300 F.A.C., as applicable. The permittee shall be liable for any non-compliance of the permitted activity until the transfer is approved by the Department.
12. This permit or a copy thereof shall be kept at the work site of the permitted activity.
13. This permit also constitutes Certification of Compliance with State Water Quality Standards (Section 401, PL 92-500).

GENERAL CONDITIONS:

14. The permittee shall comply with the following:

- (a) Upon request, the permittee shall furnish all records and plans required under Department rules. During enforcement actions, the retention period for all records will be extended automatically unless otherwise stipulated by the Department.
- (b) The permittee shall hold at the facility or other location designated by this permit records of all monitoring information (including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation) required by the permit, copies of all reports required by this permit, and records of all data used to complete the application for this permit. These materials shall be retained at least three years from the date of the sample, measurement, report, or application unless otherwise specified by Department rule.
- (c) Records of monitoring information shall include:
 - 1. the date, exact place, and time of sampling or measurements;
 - 2. the person responsible for performing the sampling or measurements;
 - 3. the dates analyses were performed;
 - 4. the person responsible for performing the analyses;
 - 5. the analytical techniques or methods used; and
 - 6. the results of such analyses.

15. When requested by the Department, the permittee shall within a reasonable time furnish any information required by law which is needed to determine compliance with the permit. If the permittee becomes aware the relevant facts were not submitted or were incorrect in the permit application or in any report to the Department, such facts or information shall be corrected promptly.

PERMITTEE:

David Dains
3316 Starlite Trail
Plano, Texas 75023

I.D. Number: 5143P01818
Permit/Certificate: 432620728
Issuance Date: November 30, 1995
Expiration Date: November 30, 2000
County: Martin
Latitude/Longitude: 27°11'28"/80°14'26"
Section/Township/Range: 01/38S/41E
Project: Fishing Pier

SPECIFIC CONDITIONS:

1. At least forty-eight (48) hours prior to commencement of work authorized by this permit, the permittee shall provide written notification to the Department of Environmental Protection, Division of Environmental Resource Permitting, Southeast Florida District Branch Office in Port St. Lucie, of this commencement. Written notification shall also be provided within forty-eight (48) hours after completion of construction.
2. An effective means of turbidity control, such as, but not limited to, turbidity curtains, shall be employed during all operations that may create turbidity in excess of background as provided in Chapters 62-302 and 62-4 of the Florida Administrative Code. Turbidity control shall remain in place until all turbidity has subsided.
3. Reflective devices shall be installed on the pier terminus in such a way that will alert night boat traffic of its presence.
4. Decking boards shall be spaced a minimum of one (1) inch apart to allow for light penetration to seagrasses below.
5. All decking shall be constructed to provide a minimum of six (6) feet clearance from mean high water to the bottom of the dock deck.
6. A "No Mooring" sign shall be placed on the terminus to alert boaters that mooring is not allowed at this structure.
7. All other necessary State, Federal, or local permits must be applied for and received prior to the start of work.
8. If historical or archaeological artifacts, such as Indian canoes, are discovered at any time within the project site the permittee shall immediately notify the district office and the Bureau of Historic Preservation, Division of Archives, History and Records Management, R.S. Gray Building, 500 S. Bronough, Tallahassee, Florida 32399-0250.

Mr. David Dains
Robert Sandy Construction, Inc.
P. O. Box 32
Jensen Beach, Florida 34958

Dear Mr. Sandy:

Reference is made to your letter received April 25, 1996 requesting a modification to the general permit issued to Mr. David Dains on December 27, 1994 in the Indian River at Section 1, Township 38 South, Range 41 East, Martin County, Florida.

In accordance with your request and the enclosed plan, the permit is hereby modified to authorize construction of a 4' x 373' approach to a 4' x 12' terminal platform. The terminal platform or any moored boats may not be located in an area of seagrass beds. All other conditions of the original permit remain in effect.

If you have any questions, please call Ms. Terry Morgan at (407) 567-1496 or facsimile (407) 770-3611.

DISCLOSURE STATEMENT

State law requires construction to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own contractor even though you do not have a license. You must supervise the construction yourself. You may build or improve a one-family or two-family residence or a farm outbuilding. You may also build or improve a commercial building at a cost of \$25,000 or less. The building must be for your own use and occupancy. It may not be built for sale or lease. If you sell or lease a building you have built yourself within 1 year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. It is your responsibility to make sure that people employed by you have licenses required by State law and by County or Municipal licensing ordinances. Any person working on your building who is not licensed must work under your supervision and must be employed by you, which means that you must deduct F.I.C.A. and withholding tax and provide workers' compensation for that employee, all as prescribed by law. Your construction must comply with all applicable laws, ordinances, building codes and zoning regulations. Florida Statutes 489.103(7).

I have read the above and agree to comply with the provisions as stated.

NOTICE OF ACCEPTANCE (NOA)

MBCI-Metals Building Components, Inc
14031 West Hardy
Houston, TX 770606

SCOPE:

This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed by the BCCO and accepted by the Building Code and Product Review Committee to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The BCCO (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. BCCO reserves the right to revoke this acceptance, if it is determined by BCCO that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein, and has been designed to comply with the South Florida Building Code, 1994 Edition for Miami-Dade County or Florida Building Code.

DESCRIPTION: MBCI 5V Crimp Panel

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This NOA consists of pages 1 through 7.

The submitted documentation was reviewed by Frank Zuloaga, RR

under Chapter 8 of the Code of Miami-Dade County governing the use of Alternate Materials and Types of Construction, and completely described herein, has been recommended for acceptance by the Miami-Dade County Building Code Compliance Office (BCCO) under the conditions specified herein.

This NOA shall not be valid after the expiration date stated below. BCCO reserves the right to secure this product or material at any time from a jobsite or manufacturer's plant for quality control testing. If this product or material fails to perform in the approved manner, BCCO may revoke, modify, or suspend the use of such product or material immediately. BCCO reserves the right to revoke this approval, if it is determined by BCCO that this product or material fails to meet the requirements of the South Florida Building Code.

The expense of such testing will be incurred by the manufacturer.

Acceptance No.: 01-0622.02

APPROVED SYSTEMS:

- SYSTEM:** 5V Steel Roofing Panel
- Deck Type:** Wood, Non-insulated
- Deck Description:** New Construction or Re-roof
 $1\frac{9}{32}$ " or greater plywood or wood plank.
- Slope Range:** 2":12" or greater
- Maximum Uplift Pressure:** The maximum allowable design pressure -85 psf
- Deck Attachment:** In accordance with applicable building code, but in no case shall it be less than 8d ring shank nails spaced 6" o.c. In reroofing, where the deck is less than $1\frac{9}{32}$ " thick (Minimum $1\frac{5}{32}$ ") The above attachment method must be in addition to existing attachment.
- Underlayment:** Minimum underlayment shall be an ASTM D 226 Type II installed with a minimum 4" side-lap and 6" end-laps. Underlayment shall be fastened with corrosion resistant tin-caps and 12 gauge 1 $\frac{1}{4}$ " annular ring-shank nails, spaced 6" o.c. at all laps and two staggered rows 12" o.c. in the field of the roll.
- Valleys:** Valley construction shall be in compliance with Roofing Application Standard RAS 133 and with JM Metals 5V Steel Roofing Panel' current published installation instructions.
- Fire Barrier Board:** For class A or B fire rating, install minimum $\frac{1}{4}$ " thick Georgia Pacific "Dens Deck" (with current NOA) or minimum 4mm thick of Tritex, RockRoof (with current NOA) or $\frac{3}{8}$ " water resistant type X gypsum sheathing with treated core and facer.
- Metal Panels and Accessories:** Install the "5V Steel Roofing Panel" and accessories in compliance with JM Metals' current published installation instructions and details. Flashing, penetrations, valley construction and other details shall be constructed in compliance with the minimum requirements provided in Roofing Application Standards RAS 133.
- 5V Roofing Panels shall be fastened with a minimum of #9-15 HH corrosion resistant fasteners with sealing washer. Fasteners shall of sufficient length to penetrate through the sheathing a minimum of $\frac{3}{16}$ ". Fasteners shall be place in accordance with fastener detail herein as follows:
- Fasteners shall be installed at a maximum of 12" o.c. at side laps perpendicular to roof slope and at a maximum of 12" o.c. in the center of the panel at the field perpendicular to roof slope. Fastener shall be placed at high points of panel ribs.

Acceptance No.: 01-0622.02

SYSTEM LIMITATIONS:

1. Increased design pressures at perimeter and corner areas, in compliance with applicable building code may be met through rational analysis by increasing the number of attachment points in these areas. The maximum fastener spacing noted in the "Systems Description" section of this approval shall not be exceeded. All rational analysis computation shall be prepared, signed and sealed by a Florida registered Professional Engineer, Registered Architect, or Registered Roof Consultant.
2. Panels shall be roll formed in continuous lengths from eave to ridge. Maximum lengths shall be as described in Miami-Dade County Roofing Application Protocol RAS 133.
3. All panels shall be permanently labeled with the manufacturer's name or logo, and the following statement: "Miami-Dade County Product Control Approved."

Roofing Product Control Examiner

JM METALS

Acceptance No.: 01-0622.02

NOTICE OF ACCEPTANCE STANDARD CONDITIONS

- 1 Renewal of this Acceptance (approval) shall be considered after a renewal application has been filed and the original submitted documentation, including test supporting data, engineering documents, are no older than eight (8) years.
- 2 Any and all approved products shall be permanently labeled with the manufacturer's name, city, state, and the following statement: "Miami-Dade County Product Control Approved", or as specifically stated in the specific conditions of this Acceptance.
- 3 Renewals of Acceptance will not be considered if:
 - a) There has been a change in the South Florida Building Code affecting the evaluation of this product and the product is not in compliance with the code changes;
 - b) The product is no longer the same product (identical) as the one originally approved;
 - c) If the Acceptance holder has not complied with all the requirements of this acceptance, including the correct installation of the product;
 - d) The engineer who originally prepared, signed and sealed the required documentation initially submitted, is no longer practicing the engineering profession.
- 4 Any revision or change in the materials, use, and/or manufacture of the product or process shall automatically be cause for termination of this Acceptance, unless prior written approval has been requested (through the filing of a revision application with appropriate fee) and granted by this office.
- 5 Any of the following shall also be grounds for removal of this Acceptance:
 - a) Unsatisfactory performance of this product or process;
 - b) Misuse of this Acceptance as an endorsement of any product, for sales, advertising or any other purposes.
- 6 The Notice of Acceptance number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the Notice of Acceptance is displayed, then it shall be done in its entirety.
- 7 A copy of this Acceptance as well as approved drawings and other documents, where it applies, shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at all times. The copies need not be resealed by the engineer.
- 8 Failure to comply with any section of this Acceptance shall be cause for termination and removal of Acceptance.
- 9 This Acceptance contains pages 1 through 5.

END OF THIS ACCEPTANCE

TOWN OF SEWALL'S POINT OWNER/BUILDER AFFIDAVIT
(To be submitted if permit is to be pulled by Owner/Builder)

DISCLOSURE STATEMENT

State law requires construction to be done by licensed contractors. You have applied for a permit under an exemption to that law. The exemption allows you, as the owner of your property, to act as your own contractor even though you do not have a license. You must supervise the construction yourself. You may build or improve a one-family or two-family residence or a farm outbuilding. You may also build or improve a commercial building at a cost of \$25,000 or less. The building must be for your own use and occupancy. It may not be built for sale or lease. If you sell or lease a building you have built yourself within 1 year after the construction is complete, the law will presume that you built it for sale or lease, which is a violation of this exemption. You may not hire an unlicensed person as your contractor. It is your responsibility to make sure that people employed by you have licenses required by State law and by County or Municipal licensing ordinances. Any person working on your building who is not licensed must work under your supervision and must be employed by you, which means that you must deduct F.I.C.A. and withholding tax and provide workers' compensation for that employee, all as prescribed by law. Your construction must comply with all applicable laws, ordinances, building codes and zoning regulations. Florida Statutes 489.103(7).

I have read the above and agree to comply with the provisions as stated.

NOTICE OF ACCEPTANCE (NOA)

James Hardie Building Product, Inc.
10901 Elm Avenue
Fontana, CA 92337

SCOPE:

This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed by Miami-Dade County Product Control Division and accepted by the Board of Rules and Appeals (BORA) to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami-Dade County Product Control Division (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. BORA reserves the right to revoke this acceptance, if it is determined by Miami-Dade County Product Control Division that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein, and has been designed to comply with the High Velocity Hurricane Zone of the Florida Building Code.

DESCRIPTION: Hardiplank, Hardipanel and Hardisoffit

APPROVAL DOCUMENT: Drawing No. HPNL-8X, HPLK-4X8 & HSOFFIT-8X, titled "Hardipanel, Hardiplank, & Hardisoffit Installation Details", sheets 1 through 3, prepared, signed and sealed by Ronald Ogawa, P.E., dated 4/13/99, bearing the Miami-Dade County Product Control Renewal stamp with the Notice of Acceptance number and expiration date by the Miami-Dade County Product Control Division.

MISSILE IMPACT RATING: Large and Small Missile Impact

LABELING: Each unit shall bear a permanent label with the manufacturer's name or logo, city, state and following statement: "Miami-Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This NOA renews NOA # 99-0223.07 and, consists of this page 1 as well as approval document mentioned above. The submitted documentation was reviewed by Raul Rodriguez.

NOA No 02-0318.08
Expiration Date: May 1, 2007
Approval Date: May 23, 2002

NOTICE OF ACCEPTANCE (NOA)

PGT Industries
 1070 Technology Drive,
 Nokomis, Fl. 34275

SCOPE:

This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed by Miami-Dade County Product Control Division and accepted by the Board of Rules and Appeals (BORA) to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami-Dade County Product Control Division (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. BORA reserves the right to revoke this acceptance, if it is determined by Miami-Dade County Product Control Division that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein, and has been designed to comply with the Florida Building Code, including the High Velocity Hurricane Zone.

DESCRIPTION: Series ~~SCD-2500 Aluminum Sliding Glass Doors w/~~ **wo Reinforcements**

APPROVAL DOCUMENT: Drawing No.757, titled "Alum Sliding Glass Doors-Non-Impact", sheets 1 through 16 of 16, prepared by manufacturer, dated 06-20-07 and last revised on 10/30/07, signed and sealed by Robert L. Clark, P.E., bearing the Miami-Dade County Product Control Renewal stamp with the Notice of Acceptance number and expiration date by the Miami-Dade County Product Control Division.

MISSILE IMPACT RATING: None. Approved Hurricane Protection Devices complying w/ FBC 2004, as applicable are required.

Limitation:

1. Use of Table 1, requires No reinforcements.
2. Use of Table 2 and 3 require full reinforcement per sheets 7 & 8 of the drawing.

LABELING: Each unit shall bear a permanent label with the manufacturer's name or logo, city, state and following statement: "Miami-Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This NOA **renews** NOA # **07-0403.02** consists of this page 1 as well as evidence sheet E-1 and approval document mentioned above.

The submitted documentation was reviewed by **Ishaq I. Chanda, P. E.**

WINDOW/DOOR REPLACEMENT CHECKLIST AND SCHEDULE

A document review will be performed on the following items prior to the submittal of a permit application. Failure to submit these items will result in the application package returned to the applicant until the deficient documents are included. This review sheet must accompany the application submittal.

Please make sure you have ALL required copies before submitting permit application

- 1 Copy Completed Permit Application
- 2 Copies Window/Door Schedule
- 2 Copies Manufacturer's Florida Product Approval and Specifications
- 2 Copies Floor Plan Sketch – Show location & ID number of each window/door.
Must match window/door schedule.

***PLEASE NOTE:** At least one (1) exterior window or door must comply with the 2007 F.B.C. R310.4 as a single means of escape.

ALL NEW WINDOWS AND/OR DOORS WITH GLAZING MUST HAVE IMPACT PROTECTION (SHUTTERS OR IMPACT GLASS). IF SHUTTERS ARE USED, A SEPARATE SHUTTER PERMIT MUST BE ISSUED PRIOR TO FINAL INSPECTION OF THE WINDOW/DOOR REPLACEMENT PERMIT.

PARTIAL WINDOW OR GLAZED DOOR REPLACEMENT THAT REPRESENTS LESS THAN 25% OF THE TOTAL GLAZED AREA OVER A 12 MONTH PERIOD IS EXEMPT FROM IMPACT PROTECTION REQUIREMENTS.

NOTICE OF ACCEPTANCE (NOA)

Town & Country Industries
400 West McNab Road
Ft. Lauderdale, Florida 33309

SCOPE:

This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed by Miami-Dade County Product Control Division and accepted by the Board of Rules and Appeals (BORA) to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami-Dade County Product Control Division (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. BORA reserves the right to revoke this acceptance, if it is determined by Miami-Dade County Product Control Division that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein, and has been designed to comply with the High Velocity Hurricane Zone of the Florida Building Code.

DESCRIPTION: 0.050" (min.) Aluminum Storm Panels Shutter

APPROVAL DOCUMENT: Drawing No. 08-351, titled "0.050" Aluminum Storm Panel", sheets 1 through 6 of 6, prepared by Knezevich Associates Consulting Engineers, dated September 01, 2008, signed and sealed by V.J. Knezevich, P.E. on September 03, 2008 bearing the Miami-Dade County Product Control Renewal stamp with the notice of Acceptance number and expiration date by the Miami-Dade County Product Control Division.

MISSILE IMPACT RATING: Large and Small Missile Impact Resistant

LABELING: Each panel shall bear a permanent label with the manufacturer's name or logo, Miami, FL or Tampa, FL and the following statement: "Miami-Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This NOA renews NOA # 09-0114.05 and consists of this page 1, evidence submitted pages E-1, E-2, & E-3 as well as approval document mentioned above.

The submitted documentation was reviewed by **Helmy A. Makar, P.E., M.S.**

NOTICE OF ACCEPTANCE (NOA)

PGT Industries
1070 Technology Drive,
Nokomis, Fl. 34275

SCOPE:

This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed by Miami-Dade County Product Control Division and accepted by the Board of Rules and Appeals (BORA) to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami-Dade County Product Control Division (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. BORA reserves the right to revoke this acceptance, if it is determined by Miami-Dade County Product Control Division that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein, and has been designed to comply with the Florida Building Code, including the High Velocity Hurricane Zone.

DESCRIPTION: Series "SGD-2500" Aluminum Sliding Glass Doors w/ wo Reinforcements

APPROVAL DOCUMENT: Drawing No.757, titled "Alum Sliding Glass Doors-Non-Impact", sheets 1 through 16 of 16, prepared by manufacturer, dated 06-20-07 and last revised on 10/30/07, signed and sealed by Robert L. Clark, P.E., bearing the Miami-Dade County Product Control Renewal stamp with the Notice of Acceptance number and expiration date by the Miami-Dade County Product Control Division.

MISSILE IMPACT RATING: None. Approved Hurricane Protection Devices complying w/ FBC 2004, as applicable are required.

Limitation:

1. Use of Table 1, requires No reinforcements.
2. Use of Table 2 and 3 require full reinforcement per sheets 7 & 8 of the drawing.

LABELING: Each unit shall bear a permanent label with the manufacturer's name or logo, city, state and following statement: "Miami-Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This NOA renews NOA # 07-0403.02 consists of this page 1 as well as evidence sheet E-1 and approval document mentioned above.

The submitted documentation was reviewed by Ishaq I. Chanda, P. E.

772-286-0444772-879-0955

PROPOSAL SUBMITTED TO: Mr. James Nobel		PHONE 203-770-2991	DATE April 22, 2013
STREET 58 South Sewall's Point Rd.		JOB NAME	
CITY, STATE AND ZIP CODE Sewall's Point, Fl. 34996		JOB LOCATION 60 South Sewall's Point Road	
ARCHITECT	DATE OF PLANS	jayknobel@msn.com	JOB PHONE

We hereby submit specifications and estimates for:

To cut away dimensional shingles from three (3) areas of concern. These locations have stains and strong g indications of active leakage. (See work drawing)

1. South west corner at front of home, which has damaged and rotten wood.
2. Rear of home that area above child's nursery. Removal of shingles to extend across rear window above indicated stain. An additional area of concern to be ridge vent fixture. This point of concern line-up with indicated problem in child's room.
3. Return of gable, that which lines up over kitchen door, to be cut out and away.

To make each location of concern smooth and workable. Hauling away all trash and debris. Contractor to salvage metal flashing where necessary.

To make required repairs with an elastomeric polyester reinforced, ceramic granulated weather surface, low slope modified SBS commercial grade roofing. Appropriate built-up mastic flashing and seal being installed as required.

Price \$2,450.00

***NOTE:**

Should woodwork be required, said woodwork will be figured as time and material. Labor @ \$65.00 per man-hour and material @ \$cost plus 20%.

***NOTE:**

It is understood color/style variations may occur between replacement shingles and existing weathered shingle roof.

***NOTE:**

The roof in question appears to exhibits elements of a two (2)-roof system. The shingles are uneven, which allows water to migrate side ways. The undulating shingles are normally caused by having two (2) layers of shingles. (one over another) Should the existing roof be a double layer roof, the repair will have to be enlarged.

WARRANTY:

Warranty is for 2 years. Said warranty is for actual repair surface being installed. Warranty is narrow in scope; NO stated or inferred liability is assumed for roof/roofs as a whole.

We propose hereby to furnish material and labor – complete in accordance with above specifications, for the sum of:

Two thousand four hundred fifty and no/100-----Dollars (\$2,450.00).

Payment to be made as follows: <u>1/2 upon starting job and</u> <u>balance upon completion.</u>	We shall not be responsible for damages to exterior or interior fixtures, household furnishings, decorations equipment due to leakage, however caused. VERBAL AGREEMENTS OR OTHER AGREEMENTS NOT APPEARING UPON THIS CONTRACT WILL NOT BE RECOGNIZED. All agreements contingent upon strikes, weather, or other conditions beyond the control of the contractor.
---	---

All material is guaranteed to be as specified. All work to be completed in a workmanlike manner according to standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra-charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control. Owner to carry fire, tornado, and other necessary insurances.

Authorized Signature

#CCC1326087

Note: This proposal may be withdrawn by us if not accepted within 30 days.

Acceptance of Proposal – The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.

Date of Acceptance: 4/30/13

**RESIDENTIAL REROOF WINDSTORM LOSS
MITIGATION CERTIFICATION (FLORIDA STATUTE 553.844)**

ALL RE-ROOFS REGARDLESS OF VALUE SHALL COMPLY WITH THE FOLLOWING:

Re-nailing: All sheathing and decking shall be re-nailed per section 201.1 and a secondary water barrier installed.

- Existing fasteners that are 8d clipped head, round head or ring shank and spaced 6 in. or less o.c. may be counted. Additional fasteners shall be 8d ring shank nails with round heads spaced at 6 in. o.c. along framing.
- Indicate below which method is to be used to satisfy the secondary water barrier requirements:

_____ All joints in roof sheathing shall be covered with a minimum of 4 in. strip of self-adhering polymer modified bitumen tape. Wood deck and self-adhering tape shall be covered by one layer of approved underlayment.

_____ Entire roof deck shall be covered with an approved self-adhering polymer modified bitumen cap sheet. No additional underlayment is required.

_____ Outside of the HVHZ, an underlayment complying with section 1507.2.3 of the Florida Building Code, Building fastened as described below or a layer of asphalt impregnated approved #30 felt shall be installed. The felt is to be fastened with 1" round plastic cap or metal cap nails, attached to a nailable deck in a grid pattern of 12 inches (305 mm) staggered between the overlaps, with 6-inch (152 mm) spacing at the overlaps. For slopes of 2:12 to 4:12 an additional layer of felt shall be installed in a single-fashion and lapped 19" and fastened as described above. (No additional underlayment shall be required over the top of this sheet.)

_____ Exception: An approved 30# underlayment installed per HVHZ using nails and tin-tags and covered with an approved self-adhering polymer modified bitumen cap sheet or an approved cap sheet hot-moped shall be deemed to meet the requirements for secondary water barrier.

Residential Structures valued at \$300,000 or more shall comply with the following:

- Roof to wall connections must be enhanced up to 15% additional cost of the re-roofing cost.
- A certified or registered general, building or residential contractor compliance affidavit must accompany the re-roof permit application and submit details to perform the following:
 1. Sufficient amount of eave sheathing shall be removed to view 6 ft. of roof rafters.
 2. Wherever a strap is missing or an existing strap has fewer than 4 fasteners on each end of connection with the wall, the connection shall be strengthened by adding:
 - a. Metal connectors, clips, straps and fasteners to achieve an uplift capacity as specified in Table 201.3 OR
 - b. Approved strap ties or right angle gusset brackets with a minimum uplift capacity of 500 lbs shall be installed to the top plate or masonry wall below
 - c. Refer to sections 201.3.1 to 201.3.4 for prescriptive requirements.

NOTICE OF ACCEPTANCE (NOA)

Owens Corning Roofing and Asphalt, LLC
One Owens Corning Parkway
Toledo, OH 43659

SCOPE:

This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed and accepted by Miami-Dade County PERA - Product Control Section to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami-Dade County Product Control Section (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. PERA reserves the right to revoke this acceptance, if it is determined by Miami-Dade County Product Control Section that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein, and has been designed to comply with the Florida Building Code including the High Velocity Hurricane Zone of the Florida Building Code.

DESCRIPTION: Oakridge®, TruDefinition Oakridge®, and TruDefinition Oakridge® Artisan Colors Shingles

LABELING: Each unit shall bear a permanent label with the manufacturer's name or logo, city, state and following statement: "Miami-Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This revises NOA#11-0411.03 and consists of pages 1 through 4.
The submitted documentation was reviewed by Alex Tigera.

NOA No.: 12-0430.01
Expiration Date: 02/03/16
Approval Date: 03/28/13

NOTICE OF ACCEPTANCE (NOA)

Polyglass USA Inc.
150 Lyon Drive
Fernley, NV 89408

SCOPE:

This NOA is being issued under the applicable rules and regulations governing the use of construction materials. The documentation submitted has been reviewed and accepted by Miami-Dade County RER - Product Control Section to be used in Miami Dade County and other areas where allowed by the Authority Having Jurisdiction (AHJ).

This NOA shall not be valid after the expiration date stated below. The Miami-Dade County Product Control Section (In Miami Dade County) and/or the AHJ (in areas other than Miami Dade County) reserve the right to have this product or material tested for quality assurance purposes. If this product or material fails to perform in the accepted manner, the manufacturer will incur the expense of such testing and the AHJ may immediately revoke, modify, or suspend the use of such product or material within their jurisdiction. RER reserves the right to revoke this acceptance, if it is determined by Miami-Dade County Product Control Section that this product or material fails to meet the requirements of the applicable building code.

This product is approved as described herein, and has been designed to comply with the Florida Building Code including the High Velocity Hurricane Zone of the Florida Building Code.

DESCRIPTION: Polyglass Polystick Underlayments

LABELING: Each unit shall bear a permanent label with the manufacturer's name or logo, city, state and following statement: "Miami-Dade County Product Control Approved", unless otherwise noted herein.

RENEWAL of this NOA shall be considered after a renewal application has been filed and there has been no change in the applicable building code negatively affecting the performance of this product.

TERMINATION of this NOA will occur after the expiration date or if there has been a revision or change in the materials, use, and/or manufacture of the product or process. Misuse of this NOA as an endorsement of any product, for sales, advertising or any other purposes shall automatically terminate this NOA. Failure to comply with any section of this NOA shall be cause for termination and removal of NOA.

ADVERTISEMENT: The NOA number preceded by the words Miami-Dade County, Florida, and followed by the expiration date may be displayed in advertising literature. If any portion of the NOA is displayed, then it shall be done in its entirety.

INSPECTION: A copy of this entire NOA shall be provided to the user by the manufacturer or its distributors and shall be available for inspection at the job site at the request of the Building Official.

This revises NOA #11-1229.01 and consists of pages 1 through 8.

The submitted documentation was reviewed by Alex Tigera.

PROJECT DESCRIPTION _____

REMARKS _____

TOWN OF SEWALL'S POINT
APPLICATION FOR TREE REMOVAL, RELOCATION, REPLACEMENT

Tree Defined: Any self-supporting, woody plant which normally grows to an overall height of at least fifteen (15) feet in the vicinity of the town. Replant and landscape trees shall be considered a tree.

No permit required for:

1. Trimming of trees unless it effectively removes it, meaning trimming or pruning to the extent that a plant's natural function is severely altered.
2. Trees with a diameter of less than one inch.

Permit Fee:

1. Tree permits are \$15.00, payable in advance.
2. No permit fee needed for tree which is dead, diseased, injured, hazardous to life or property, or a prohibited species. Prohibitive species include Earleaf Acacia, Woman's Tongue, Norfolk Island Pine, Bischofia, Schefflera, Ear Tree, Eucalyptus, Non-Native Ficus, Silk Oak, Chinese Tallow Tree, Java Plum, Chinaberry, Brazilian Peppers, Australian Pine, and Melaleuca and must be removed before construction begins on new single family residence (S.F.R.).

No removal permits will be issued for native species trees: Black Ironwood, Black Mangrove, Blolly, Buttonwood, Cabbage Palm, Cocoplum (red tip and green tip), Coral Bean, Deer Moss, Gray Twig, Gopher Apple, Gumbo Limbo, Inkwood, Laurel Oak, Leather Fern, Live Oak, Mahogany, Marlberry, Mastic, Mulberry, Myrtle Oak, Paradise Tree, Pigeon Plum, Pond Apple, Prickly Pear, Red Mangrove, Red Maple, Red bay, Saffron Plum, Sand Pine, Scrub Pine, Satinleaf, Saw Palmetto, Scrub Hickory, Sea Grape, Sea Oxeve, Slash Pine, Stoppers, Wild Lime, Sumac (southern), Sugar Berry (Hackberry), Torchwood, Wild Coffee, Varnish Leaf, Water Oak, Wax Myrtle, West Indian Cherry White Mangrove

Application procedures:

1. Fill out application information below to include:
 - a. applicant information
 - b. written statement giving reasons for removal, relocation, or replacement if necessary
 - c. for a new S.F.R., a site plan which shall include the dimensional location on a survey, scale drawing or aerial photograph, superimposed with lot lines of scale, of all existing or proposed structures, improvements and site uses, location of affected trees identified with an estimated size and number, etc.
 - d. for an existing residence, a drawing of house with location of trees to be removed, relocated can be submitted in lieu of site plan.
2. Place identification tape or ribbon on each tree for clarity to inspector if necessary.
3. Inspector will visit site and review application and pass, fail or revise.
4. Permit must be picked up and on site prior to work proceeding.
5. Permits expire if work does not begin within 3 months and if activity is interrupted over 45 days.
